Motion For New Trial

Lindsey Kent Springer ("Springer") moves this Court for a new trial pursuant to Federal Rules of Criminal Procedure Rule 33 based upon new evidence and discovery of false material testimony, in the theory of institutional referral and in obtaining the Search Warrant. The false testimony affects all counts that should result in suppression and a New Trial.

Springer intends to move the Tenth Circuit for remand so this Court can rule on this motion. The motion must be filed to request the remand.

A memorandum is filed simultaneously herewith and incorporated herein

Respectfully Submitted
